## ADHS COVID Surge Line: Introduction for 9-1-1 Centers

The Arizona Surge Line is a 24/7 toll-free call line that acts as a “doorway” for clinicians to other facility transfer centers. This novel initiative will seek to centralize patient placement, thus allowing patients to more efficiently access the appropriate level of care while equalizing the impact on individual Arizona hospitals.

Please attend this webinar to find the answers to the following questions:

- Who is The Arizona Surge Line for?
- What does The Arizona Surge Line do?
- How does The Arizona Surge Line work?
